# Rector's Greeting

Dear international students,

On behalf of the Albert-Ludwig-University Freiburg, I extend to you my warmest welcome!

We are delighted that you have chosen Freiburg for your studies. This applies to equally to those of you who are here to spend one semester, those who have enrolled in a bachelor's or master's programme, and those here for a doctorate. I would like to especially greet the students from our numerous partner universities in other countries, students from programmes of the European Community such as ERASMUS, as well as all scholarship holders from organisations, such as the DAAD or the Baden-Württemberg-Stiftung.

I hope that you will feel comfortable in our university community – there are now more than 3,500 international students from around 126 countries. With its historical old-town, the City of Freiburg is blessed with a great deal of culture and history, and at the same time offers a comfortable and pleasant setting. The lovely surroundings, with the black forest at the doorstep, and the short distances to France and Switzerland, offer great opportunities to explore, and is delightful all year round.

“Welcome – Orientation help for international students” should be of service to

you when commencing at our university. Please do not hesitate to contact our staff at the International Office or your lecturers, who are willing to help you at any time, if you have any further questions or require any support.

We all wish you great success with your studies in Freiburg

**Manisha Manmohan**

Welcome to Freiburg! I'm a California native who moved to Germany at the end of 2008, and started studying medicine here in Freiburg in October 2010.

When I arrived I didn't speak a word of German, so sometimes I feel like it is pretty incredible that I'm now living my day to day life and studying almost exclusively in German.

I studied engineering in the US, and I did an exchange in Spain, so it's been interesting to contrast and compare the experiences studying in the three countries.

German bureaucracy is incredible: paper is important. Don't get too caught up with it though, more often than not it is not quite as complicated as it seems, and there are plenty of people to help you along the way—but you may have to ask. My classmates have been really helpful and I've formed some wonderful friendships here.

Freiburg is a beautiful city, if a bit small, and if you're an outdoorsy person it's really ideal. Make sure to take advantage of the new student orientation at the beginning of the semester! It's really designed to help you make the most of your time here and to help you navigate the academic system here. Take advantage of what the university has to offer! Feel free to get in touch with any questions.

**Anna Marta Mueller**

Welcome to Freiburg! I'm Ania, I come from Poland, I've been part of the Unikos-team for 2 years and I study European linguistics at the Uni Freiburg.

And how is it that I ended up coming to study in this beautiful city, I hear you ask.

Really easy – I was an Erasmus exchange student here for 2 semesters, and afterwards I didn't want to leave Freiburg quite so fast :) The Freiburg ambience kept me here... just like every new student, I also had a few problems at the beginning, but I kept on coming across friendly people who were ready to help me. Today I'm ready to help you out as best I can. Just visit our orientation events and get to know people who come from all over the world. And if something is on your mind, send me an email!

**Ana Renault Inda**

I'm Ana. I come from the southern part of Brazil and I'm doing a doctorate in philosophy.

You're not going to get any tips from me here about studying – rather, I'd like to tell you about my experience with all the other things going on: about life in Freiburg, about Freiburg as a student city, the University of Edmund Husserl and Martin Heidegger, the gateway to the Black Forest and the city of "Bächle".

So what follows is a small, very personal and spirited look at life for a whole year in Freiburg.

**Autumn:** The start of most of the courses at the Uni and the start of the school year. Neuer Süßer with Zwiebelkuchen at the Münster-market. Straußen. Feldsalat. Pumpkin soup. Outside: wind and coloured leaves. German “Gemütlichkeit”. The magic of Saint Martin’s parade with coloured lanterns in cold November. Turkey with red cabbage and dumplings.

**Winter:** Waking up one morning and finding everything white. The sound of silence. Reading Rilke. Advent. Being enchanted like a child: Advent calendar in December. Sundays in Advent with candles. Mulled wine at the Christmas markets – and then candle making! Very special: beautiful Christmas trees of other varieties at the bridge near the Schwabentor. Peaceful walks in the forest in the Christmas break. Quiet as a church mouse. Fairytales. Warm-cold-experience: Eugen-Keidel-Bad.

**Spring:** Go out again. Smell! The other side of the coin: hay fever. Eating outside again at the mensa. Rhubarb cake. Asparagus with new potatoes. A wonderful discovery: the flea markets in der Wiehre, in Stühlinger.

**Summer:** Celebrations in Freiburg. Colourful Münster market. Strawberries, raspberries, blueberries... cherries. Atmospheric courtyard parties. Weinfest at the Münster. Music festivals. Water: the women’s pool at Lorettobad. Spending time at the Dreisam. Putting your feet in the Bächle. Evenings at Augustinerplatz. Beer gardens. Tourists in the city. Open air cinema in the courtyard of the Schwarzen Kloster.

And a couple of classics for the whole year. Sitting in the courtyard in the sun at the university. Watching the sunset at the blue bridge. Flammkuchen. Life in a share-house – with or without drama. Not being afraid to walk or cycle home at night. Schupfnudeln with sauerkraut and bacon. Or Käsespätzle. Milk rice in the mensa. Pay-after cinema Wednesdays at Friedrichsbaukino. Hiking in the forest. Tatort on Sundays in the Mensa.

### **Aristide Tiendrebeogo**

My name is Aristide Tiendrebeogo. I come from Burkina Faso. As an international student of politics and history, I had some difficulties at the beginning coming to terms with the structure of the University's administration, because it is different in my home country. I was able to get advice and support, above all, at the Abteilung für Internationale Studierende and the International Office of the University. In line with my interests, I looked for information about the African communities in Freiburg and I was able to find this. As university town, Freiburg offers numerous choices around your studies, as well as sports, culture and free time. The secret to get through well: don't be shy and ask questions!

If you want to buy a second hand bicycle, get to know the African network or just want general information about your studies, you are welcome to send me an email.

### **Li Zhang**

Hello! And to start with, welcome to the University of Freiburg!

My name is Li Zhang and I come from China. At the moment I'm studying "Fremdsprache Deutsch/ Interkulturelle Germanistik" at the University of Freiburg (Master, 2nd semester).

I came to Germany 5 years ago. You might have heard “every beginning is hard”. Yes, well one has to say, that it’s not so easy to integrate oneself into totally different cultural surroundings: looking for a room, Anmeldung, opening a bank account, health insurance, enrolment, etc, no doubt these aren’t new things for you either. But life is made up of “limitless” small things that you should pay close attention to. It’s impossible to do everything right at the beginning. I also made lots of mistakes: For example, I rode in first-class with a ticket for second-class, threw all my rubbish in the same bin, had to extend my lease for three months because I forget to give notice I was leaving, and so on. You can’t even imagine what problems, you’ll have.

**Question: Can I get help? And how?**

Answer: Yes. Formulating the question is the key. Even Confucius said: “Amongst three people, there is certainly one who could teach me”. So if you have a question, ask others! By doing this you will definitely also meet new people and make some contacts. Modesty is an important virtue and will be a big help for you. This is, for example, how – when I asked about looking for a room at the International Office and the Studentenwerk – I found out about the calendar of events and, then when I went to the events, also met other students.

**My tips for a great time in Freiburg**

1. Put everything into practice after detailed consideration;
2. First ask, then do it;
3. Always keep tips 1 and 2 firmly in mind!

So if you have any concrete questions about everyday life, studies, free time and so on, please get in touch with me by sending an email, I am more than happy to help you.

I wish you an enjoyable and successful time in Freiburg!

**Maya Shimoda**

My name is Maya and I come from Japan.

I study History and Musicology in the final stage at the University of Freiburg. When I started studying in Freiburg, my German was very poor. That's why I was looking for help from different people. It made my start much easier! I was and I still am deeply grateful for that.

It is quite helpful if you can ask someone in your mother tongue if you need help and information. I'm here to help you, just contact me. I wish you all the best, a lot of fun and success for your living and studies in Freiburg.

# Where can I find a place to live?

Especially just before the beginning of the semester, the room service of the international office and the Studentenwerk is running at full steam, so not every new student is lucky enough to get a room in student accommodation straight away. The normal housing market is the next option. There are also affordable rooms and apartments available and many landlords take their offers to the International Office and the Studentenwerk.

## International Office

### Apartment database

The International Office has a private apartments database for international students and international guests of the university, where many furnished apartments and rooms can be found.

### www.HousingAnywhere.com

At this new sublease platform students can offer their room directly. Our university and a lot more world wide cooperate with the platform. With this page you can sublease your room during your time of internship or exchange, so your room does not have to stay unenlivened - and you can save your still running renting costs.

The big benefit of HousingAnywhere is that to Freiburg coming students can find a student room directly.

The platform is for free and works on student-to-student-baseline. You just need a uni-email for using it.

There also is a little film about HousingAnywhere.com on the website:

### Homestay Program - „Wohnen für Hilfe“

If there are long waits to get a place in student housing, an alternative is the Studentenwerk's project „Wohnen für Hilfe“. As part of this project, housing is provided in exchange for help in the landlords household.

### “Living Together – Integrative Apartment Sharing”

Another option is the project called “Gemeinsam Wohnen -Integrative Wohngemeinschaften (IWG)” – Integrated Housing. Integrated means that people with and without a disability live together and share every day life.

At the „Sprachenkolleg für ausländische Studierende“, German is taught to international study applicants. The basic level prepares for the entrance test of the Studienkollegs, the intermediate level prepares for the language test of the universities. Participants of the C1 have the possibility of passing the DSH at the end of the course. The DSH is organised by the Language Teaching Center of the University of Freiburg (SLI) in cooperation with the Sprachenkolleg.

# Does the university offer any other special courses for international students?

## **Module: Inter-cultural skills for international students: guidepost for studying in Germany**

Time: Saturday, 01.12.2012, Friday 14.12.2012,  
Saturday 15.12.2012

Lecturer: Lena Maria Haubold

### Aim

International students, whether in at the University of Freiburg for a short stay or for their entire studies, don't only see themselves confronted with practical hurdles (such as, for example, opening a bank account, finding a room in a share house, etc). They also have various cultural challenges to overcome. At this event, skills will be supported to recognize cultural peculiarities and specialties and to actively examine these. The participants gain confidence in dealing with foreign cultures and develop skills for intercultural conflict situations, as well as for everyday situations in Germany and other countries.

### Contents

Cultural skills are key to acting responsibly in dealings with people from different cultures and with different values. The more an individual knows about the traits of different cultures and the background of cultural influences, the easier it is for intercultural understanding in communication processes and the more likely that conflicts can be sensibly resolved. In this module, the participants learn the foundations of intercultural sensitivities.

Does the university offer any other special courses for international students?

---

With the use of examples, participants will experience the various methods of intercultural cooperation and analysis, and gain a grasp on how they can have a reflected capacity to deal with people in the context of intercultural communication. They learn to recognize the influences on their own culture and to make themselves aware of what can cause confusion in intercultural contexts and how this can be reckoned with and avoided. The exchange which takes place with other participants plays an important role, as well reflecting on experiences among the participants.

# Are cross-border studies possible in Freiburg?

## **European Confederation of Universities on the Upper Rhine (Eucor)**

The seven original Upper-Rhine universities are:

- Albert-Ludwigs-Universität Freiburg i. Br.
- Universität Basel
- Université Louis Pasteur, Strasbourg
- Université Marc Bloch, Strasbourg
- Université Robert Schuman, Strasbourg
- Universität Fridericiana, Karlsruhe
- Université de Haute Alsace, Mulhouse

In 1989, these universities formed a trans-national network, the European Confederation of Upper-Rhine Universities. The three universities in Strasbourg combined to form the Université de Strasbourg in 2009. The aim of Eucor is cooperation in research in teaching through the exchange of students and lecturers, joint degrees and research programmes as well as mutual recognition of studies. The various activities are coordinated by a central Eucor-secretariat in Strasbourg.

Students who are enrolled at one of the five Eucor universities have the same user's rights and benefits as regular students at those universities. Included is the participation in courses without fees being incurred. Through transnational study, students can engage in supplementary study at one of the other Eucor universities. At the same time, experience in a foreign country can also be gained in a completely uncomplicated manner, while languages skills can be improved.

General information is provided by the International Office:

# What do I need to observe during my studies?

## Semester registration

Students who are already enrolled at the University of Freiburg and wish to continue studying have to renew their enrollment by transferring the social and administrative fee as well as the tuition fees. Payment is made by bank transfer. The required information will be taken from the information form "Actung Rückmeldung". It is also possible to complete the renewal of enrolment online with direct debit. Further information is available from:

 <https://verwaltung.uni-freiburg.de/qis>

### Deadline for Renewal of Enrolment

For the summer semester: 15th January to 15th February

For the winter semester: 1st June to 15th August

## Changing fields

Applications to change course of study and/or applications of extension for short-term studies (i.e. without graduation), provided admission is not restricted, must be made within the mentioned deadline for enrolment renewal. To do so, please come with your study book to IAS, ground floor, room 00026. According to § 60 Abs. 2 Nr. 5 of the Landeshochschulgesetzes, every applicant who wants to change their course of study in the third semester or later, has to bring written proof of course counseling on the desired field of study. Course counseling is a responsibility of the faculty.

If the desired course of study is one for which there are admission restrictions, the regular application procedure with the corresponding deadlines must be observed. At the same time, the renewal of enrolment (see above) for the course of study undertaken to that point is to be carried out. After a (new) letter of admission is issued, an entry for the changed course of study must be made in the study book by the IAS, though the above mentioned requirement for course counseling in the event of a change to course of study in the third semester or later, is to be observed. A change of subject or new enrollment has to be completed by 30.3 at the latest for the summer semester and 30.9 for the winter semester.

Please observe the posters with indications on renewal of enrolment.

## **Leaves of absence**

Students who would like to take a leave of absence can do so within the deadline for renewal of enrolment. Leave is generally only possible for two semesters and can only take place due to specific reasons (for example, studies at a foreign university, sickness, etc).

Specifics concerning enrolment, changing course of study, etc are governed by the Zulassungs- und Immatrikulationsordnung of the University of Freiburg.

Appointments and special indications for the respective semester will be made known through postings or can be read at:

 [www.studium.uni-freiburg.de/studium/beurlaubung](http://www.studium.uni-freiburg.de/studium/beurlaubung)

## **Renewing your residency permit**

Please observe that the residence permits which you are issued are usually temporary. For this reason please apply for the extension of your residence permit with sufficient time to spare. If the deadline is not abided by, there is

What do I need to observe during my studies?

---

a risk that the Aliens Office will have to make a report to the public prosecutor.

The extension of the residence permit is made by the Aliens Office of the City of Freiburg, Basler Straße 2, 2nd floor, provided you live in Freiburg. If you live outside of Freiburg, the Landratsamt of the respective district is responsible. A fee is charged for the extension. Certification of enrolment (Studienbescheinigung) from the university is to be provided.

## Freiburger Nepalesische Gemeinschaft

### Freiburger Nepalese Association

The Freiburger Nepalese Association / Freiburger Nepalesische Gemeinschaft (FNA) was established in 2010 by the Nepalese students, families and residents living in Freiburg. Everyone can become a member. Anyone who is interested in our work is very welcome to join our association.

Objectives of our association are:

- To promote education in rural areas of Nepal To build up a Nepalese community in Freiburg.
- To award scholarships for the promotion of education to children in Nepal, who are strongly motivated to study but are unable to afford their education To award scholarships for the promotion of education to children in Nepal, who are strongly motivated to study but are unable to afford their education
- To promote Nepalese culture in Freiburg by performing various cultural activities, screening documentary films etc.
- To build up a Nepalese community in Freiburg.
- To guide new Nepalese students at the University of Freiburg and to counsel visitors wanting to travel to Nepal.

Although FNA is still in its infancy, FNA members are working very hard to achieve the association's objectives. The members are voluntarily providing monthly contributions. Along with the members, we have generous support from many nepalese and foreign well-wishers working in different fields. We also assure that all the financial contributions made to this noble cause will be spend in the area (educational) which fulfills our objective. So far, following activities have been successfully performed:

- Six Nepalese children from rural Nepal were provided with scholarships from the beginning of the Nepalese academic year 2068 (April 2011)
- 'Komm mit nach Nepal für einen Abend' / 'An evening in Nepal' was organized on 4th June 2011 in cooperation with International Office and

International Club at Mensabar, Rempartstraße, Freiburg. We also participated in Vauban summer festival with a Nepalese food stall.

- An old age home 'Aama ko Ghar' located in Nepal was provided with some funds for its restoration.
- The indigenous 'Chepang' children in Nepal were supported financially to buy school uniforms.
- One of the FNA members (Mr. Deepak Kaduwal) wrote a detailed Guideline about the application procedure to German universities.
- One of the volunteers from Germany willing to travel Nepal for the purpose of tourism and providing the computer skill to the schoolchildren in villages, learned Nepali language from the FNA members.

FNA cordially welcomes everyone for their participation in fulfill the above objectives. For further queries, please feel free to contact us.

Together we can work for a good cause.

## Freiburger Uni-Chor

### Freiburg University Choir

The Freiburg University Choir was formed on the occasion of the University's 550th anniversary in 2007. Its members are all students and employees of the university. Each semester, the choir rehearses a secular or sacred program in alternation and performs it in a concert at the end of the semester. In addition, the choir sings at official university events.

New members should have a good voice and sufficient previous experience in choirs as well as the willingness to engage in intensive choir work. Choirmaster Mr. Drengk generally holds brief auditions in small groups after one of the first rehearsals.

### **Union for Student Exchange in Central and Eastern Europe (GFPS e.V.)**

GFPS is a student organization which is represented in almost all German university towns. Together with our partner associations in Poland (GFPS-Polska) and in the Czech Republic (GFPS-CZ) as well as

**Gemeinschaft  
für studentischen  
Austausch in  
Mittel- und  
Osteuropa e.V.**

the Central and Eastern Europe Initiative (IMOE), we organize various projects enabling young people from the three above-mentioned countries and Belarus to make contact with each other and discuss cultural and sociopolitical topics. Current projects include a German-Polish tandem language course, so called “city days”, the “Quadrat” with workshops, and many other events. In addition, GFPS awards semester-long scholarships for Polish, Czech, and Belarusian students, and in return partner associations welcome students from Germany for studies abroad. The activities are sponsored in part by the Foundation for German-Polish Cooperation, the German-Czech Future Fund, the Remembrance and Future Fund, and the Ebelin and Gerd Bucerius ZEIT Foundation. The organization operates under the auspices of Dr. Gesine Schwan.

The Freiburg sections sponsor one scholarship recipient from Poland, the Czech Republic, or Belarus each semester. In the summer semester 2011, we welcomed a student from the Czech Republic. After holding a series of lectures and organizing a three-part film series along with the AKA film club in winter semester 2010/11, we established small discussion and seminar groups in summer 2011 to discuss topics from our partner countries. During sociable events such as cooking evenings we also create a platform to get in contact with people from or interested in Poland, the Czech Republic or Belarus. Our program will be announced at the beginning of the academic

term. All, who are interested, are welcome to participate and contribute their ideas to the group.

Anyone interested in supervising an exchange student or just dropping by to take part in our activities is welcome to do so. Just visit our Freiburg homepage for information on upcoming events!

## **GRUPAL (Gruppe lateinamerikanischer Studierender der Universität Freiburg)**

### **GRUPAL Latin American Student Group**

Our goal is to ease the process of integration for Latin American students of the University of Freiburg on the one hand, and to encourage Latin American and German students to exchange their experiences on the other hand. We also endeavor to create room for discussion and exchange concerning Latin America at the university and in the city of Freiburg.

We thus organize various events during the semester, such as lectures, readings, cultural evenings, film showings, exhibitions, and get-togethers for the purpose of meeting new people and exchanging experiences. We also publish a small journal for literature, art, and culture in Portuguese (the “Andorinha”).

The International Office sends all Latin American students information about our activities during the semester. If you want us to put you on our mailing list, just write to us at one of the addresses listed here. This is particularly important if you are not from Latin America, as we cannot reach you over the International Office.

Just write us an e-mail so we can let you know what we’re planning! And for those of you who are interested in becoming involved more actively, we are looking for people to help us organize events. So if you want to participate, just contact us and we’ll let you know how you can help.

## Internationale Christengemeinde Freiburg e.V.

### Christian Family International Church

We are an intercultural Christian congregation. The official languages of our congregation are English and German, but we also speak many other languages: from Polish to Arabic, depending on where the people come from. Our pastor is from Ghana. At our worship services, Afro-gospel rhythms alternate with German prayers, and we experience God's word and his love for us. On the first Sunday of each month we celebrate Holy Communion. Each Sunday service is accompanied with prayers for sick people. On the last Sunday of the month we have an international buffet-style lunch together after the service. Our congregation offers a warm and friendly family atmosphere.

## **Japanischer Kulturverein – KODOMOKAI**

### **Japanese Cultural Club -KODOMOKAI-**

Our club passes Japanese culture and language on to future generations. Japanese children are given the opportunity to retain the culture of their homeland, even in Germany. This is ensured with possibilities to meet together and have fun with games, readings and conversations, etc, to learn the Japanese language and culture. In this way, children will be prepared for life in a multi-cultural society.

Our meetings support the exchange of information and experiences between German and Japanese and, as a result, contribute to the creation and education of an international society.

Meetings and Japanese courses take place on the 2nd and 4th Saturdays of the month from 1 pm to 5pm at the Internationalen Begegnungszentrum (IBZ) , at Sundgaullee 60.

Japanese course is also from 3pm-6pm on the 1st, 3rd and 4th Thursday of the month.

## **Luxemburger Studierendenverein Freiburg (S.L.U.F.)**

### **Freiburg Luxembourg Student Organization (S.L.U.F.)**

SLUF (Studente vu Lëtzebuerg op der Uni Freiburg) is the student association of Luxemburgian students at the University of Freiburg and is currently approximately 45 members strong. It is one of over 30 Luxemburgian student associations in Europe. In 2007 we celebrated the 20-year anniversary of its founding.

The goal of the association is to bring Luxemburgian students together, to have a good time together, and to make friends by way of occasional meetings and activities. But the most important reason for getting together is for older students to share their experiences with beginning students. We can also be of help in finding an apartment or with questions concerning studies. Just as well we've got a forum to arrange rides to and from Freiburg on [sluf.lu](http://sluf.lu)

In summer we organize barbecues on the lake, dinner on Luxembourg's national holiday, a sport day and excursions to destinations in the region. We also take part in various tournaments. A particularly important event is the Tournoi de Noël in Luxembourg.

We are also engaged in student advising. Once a year, we welcome high school students from Luxembourg, introduce them to the city, the university, and student life, and provide them information about their potential course of study. In addition, we represent the University of Freiburg and the Freiburg College of Education at the trade fair 'Foire de l'étudiant' in Luxembourg and inform visitors as to the courses of study offered in Freiburg.

We meet every free Tuesday for drinks. The time and place of the next meeting is always on our homepage [www.sluf.lu](http://www.sluf.lu). The homepage also includes further information about our club and contact information.

### **Romanian-Bulgarian Student Association "Gryphon"**

Do you share our vision of a united Europe in which there is no place for prejudice and indifference? Imagine you could make an important contribution to realizing this vision. We need your energy, ideas, and initiative to make a step towards achieving this goal together.

Do you feel addressed by this appeal? Then give us the opportunity to get to know you. We are a group of young Romanian and Bulgarian students who are convinced that a global community can only thrive on the basis of mutual trust, respect, and impartiality and that it is only authentic when the peculiarities of each country are appreciated and promoted. As cultural emissaries from our countries, we create space for intercultural exchange. We want to initiate a dialog between Romania and Bulgaria and contribute to the integration of both countries in the global community.

We organize numerous projects on political, economic, cultural, and societal topics. These projects include: Lecture series, Workshops, Exhibitions, Cultural evenings and trips, support and advising for Romanian and Bulgarian students ... and much more!

You don't have to be Romanian or Bulgarian to join our group or participate in our projects. We are open for anyone with the will to help us realize these ideas. We meet every other Thursday at 7:30 p.m. at Erbprinzenstr. 12, 1st floor (5 minutes from the „Stadttheater“); as the meetings are sometimes canceled, please send us an email in advance! ## Studenten für Christus

### Students for Christ

Studying isn't the only thing that's important in our lives. Relationships play a vital role, for example – with one's family, one's friends, and also with God. We believe that having a living and healthy relationship with God is the best and most liberating thing that can happen to a person. This is made possible by faith in Jesus Christ, the son of God.

One of Jesus' central messages is that he says about himself: „I am the way and the truth and the life; no one comes to the Father [by that he means God] except through me“. That is a provocative statement! All human beings must find out for themselves whether Jesus can live up to this claim. None of us has ever seen Jesus, but we discover again and again that it is possible to experience his presence concretely in our lives.

As students of various fields of study, nationalities, and confessions, we strive to experience more of God and to grow in faith together by reading the Bible and sharing with each other. We also enjoy going out together and meeting to „chill with SfC.“ It doesn't matter whether you believe in God or not – we welcome everyone who drops by and joins in. You are more than welcome!

We meet each Wednesday at 7.30 pm for Hauskreis (prayer group) at a member's house. We have dinner together and share about the last week, do a little worshipping, read in the bible and pray for each other. Just come by and see!:) We put the locations on our webpage. If you have any further questions or want to know about other current events, please contact Colin! See you there!:) Be blessed!

### **Student Mission in Germany (SMD)**

We are students of various fields of study and confessions at the University, the University of Applied Sciences, the College of Education, and the College of Music. We come from various

denominations and communities. What unites us is our faith in Jesus Christ. He is the focal point of our lives – he accompanies us and inspires our thoughts. We believe that being a Christian is neither tradition, fiction, ideology, nor self-deception, but rather: "Thinking - Believing - Experiencing".

If you want to get to know us, feel free to come to our

- SMD evenings
- Prayer groups
- Weekend activities: hiking, games, sports & fun, movies, cooking...
- Free time
- Prayer meetings

You are welcome to come – whether you bring your doubts and questions or many years of experience with the Christian faith. Our SMD evenings provide an opportunity to reflect on the Bible and other topics, to meet each other and exchange ideas, to celebrate God with music, and of course to spend time together in a friendly atmosphere.

We meet once every two weeks on Thursdays at 7 p.m. at Löwenstraße 1 (at the top of burger king). At 6.30 p.m. we start with a prayer, at 7 p.m. we eat together and at 8 p.m. we start with our programm. You can join us at every time.

On the other Thursdays we meet in smaller prayer groups. For more information and a schedule, visit our homepage. If you have any further questions, feel free to contact us directly..

**Suggestions from the Freiburg Office of Student Services**

## International Club for Students

In cooperation with Freiburg's tertiary institutions, the Studentenwerk and the International Office of the University of Freiburg offers the International Club – a forum for students from all around the world who are interested in international exchange. The club is intended for people who are

interested in other cultures, and keen to bring their own ideas and be involved in events. During the semester, the club organises regular club nights on Thursday evenings in the MensaBar (Rempartstraße) – for example, movies in original language, the international evenings or the series “Unterwegs” (on the road).

Becoming a member of the International Club is easy. Membership IDs for the club are available at the Infoladen at the Studentenwerk, at the ServicePoints in the mensas and in the MensaBar at events of the International Club. It costs 2 Euros each semester. Club members have free entrance to the club nights and also receive discounts for various offers, for instance many student trips (“Studitours”) and sports courses offered by the Studentenwerk.

Education

And what's more, there's a number of seminars intended to help with your studies, for example, on topics like learning techniques, time management, presentation techniques and exam stress.

Studitours

Experience the Dutch metropolis Amsterdam during a several day tour, or take a trip to northern Italy to visit Milan, a daytrip to Zürich, Heidelberg, Strasbourg or the biggest waterfall in central Europe, or go hiking in the Black Forest – and do all these things with students from all around the world. With „Studitours“, all students at tertiary institutions in Freiburg and the region can travel cheaply, meet new people and have fun. Tutors from the Studentenwerk prepare the trips, come along as tour guides, know where the nicest spots and the best bars are, and know their way around.

## “Theater Today” Study Group

We don't do theater ourselves!!!

We usually go to one theater performance a week during the semester. Performances include ancient, classical, or 20th century modern drama, contemporary plays, boulevard theater, ballet, dance theater, pantomime, puppet theater, children's or school theater, opera and operetta, or sometimes even a concert or film.

What we like to see is: well-made, dynamic theater, everything that makes up „theater today“, the choice of plays takes into consideration comprehensibility for international students, however, Germans are of course also welcome.

We meet every Wednesday at 8:15 p.m. at Breisacher Tor, Rempartstraße 4, 2. floor, room 206. Start: October 24th 2012.

We decide what performances to go to at the weekly meetings. Participants are of course free to make suggestions. At the study group we offer an introduction to the play whenever possible, and after the performance we discuss what we have just seen. The purpose of these discussions is to increase our "horizon of expectation." We can also organize talks with actors and directors, visits of rehearsals or guided tours of theaters. If you are interested in taking part but cannot come on Wednesdays, send an e-mail to Mr. Hans Meyer-Heubach. Please include your last and first name and your telephone number. He will contact you.

We also go on THEATER EXCURSIONS:

The precondition for these excursions is a certain number of participants. The excursions usually also include a rich cultural program (important art exhibitions, visits to museums, guided tours). These trips are very affordable since the International Office helps pay for them.

In previous years, we have gone to Zürich, Bern, Basel, Stuttgart, Mannheim, Frankfurt, Cologne, Wuppertal, Essen, Bielefeld, Hamburg, Lübeck, Berlin and Munich..

The performances in Freiburg usually cost only 5 EUROS

The decisions as to which plays we will see and where we will go on our excursions will be made at the meetings of the THEATER TODAY study group.

# What do I need to take care of at the end of the semester / when leaving Freiburg?

## **Exmatrikulation**

Students who do not want to continue studying at the university of Freiburg, have to apply for Exmatrikulation. The form which is required is available at the Studentensekretariat or at the Infothek. You will also find this form on the homepage at the University of Freiburg:

 [www.studium.uni-freiburg.de/studium/exmatrikulation](http://www.studium.uni-freiburg.de/studium/exmatrikulation)

Exmatrikulation takes place by removing students from the student register. It takes effect as of the end of the semester. A corresponding entry will be made in the study book. The Exmatrikulation entry in the study book is a pre-requisite for the student to again enrol at a German university. For this reason, we strongly recommend that students duly carry out the Exmatrikulation.

Students who do not carry out the Exmatrikulation as requested, will nevertheless be officially removed from the student register, if they do not re-register as students within the period of time stipulated by the university. In this case, no corresponding entry can be made in the study book. This entry is necessary for subsequent enrolment at a German university. You will then need to contact the university once again on account of the study book, in order to have the Exmatrikulation entry registered. This can be avoided by duly completing the Exmatrikulation when leaving the University of Freiburg.

## **Issuing of course certificates**

### Issuing of Transcripts at the International Office

ERASMUS students please contact the appropriate coordinator in the corresponding subject area. Participants in an international program, please see your resident director (AYF, CYF, Umass, IES, Colgate). All other exchange students, please see the manager of your regional programme.

### How can I get a transcript?

The best way is by filling out the transcript form on your computer and printing it out. There is also a corresponding word-version of the transcript form. Please pay attention that the name of the course appears on the transcript exactly as it appears on the course certificate (Schein), and for lectures, that the name is exactly as written in the course catalogue (Vorlesungsverzeichnis). This means, for example, that a German name of a seminar should also be used on the transcript.

### How can I get an English translation?

If your seminar has a German name, but you need an additional English translation: In this case, you should request the professor/lecturer who provided you with the course certificate (Schein) to write the English name on the Schein. It is then possible for the German name, the English name or both names to appear on the certificate. It is only possible for courses to be listed on the transcript, the way they are named on the course certificate.

### Which grading method should I use?

Grades also have to appear on the transcript the way they are on the Schein. The attached tables provide a conversion, in the event that this is required by your home university.

### What should I do if I have to wait for the course certificate (Schein) to be issued?

If you still do not have the course certificate (Schein), you can, nevertheless, list the course on your transcript. In this case, please write in the column "Note/Grade", "pending". In most cases, it is sufficient to provide the transcript with the later arriving course certificate to your university.

What do I need to take care of at the end of the semester / when leaving Freiburg?

---

If you nevertheless require a complete transcript, please leave your home contact details and filled out transcript at the International Office and ask the faculty sending you the Schein, to also provide a copy of the Schein to the International Office. As soon as the International Office has this copy, it will be able to send you the certified transcript to your home address.
